Retractable Ratchet Tie-Downs
The CargoBuckle Retractable Ratchet tie-down system takes the hassle out of securing gear. Longer, heavier web enables you to tie down more equipment in more applications, conveniently and securely. Just hook, ratchet and go!
All CargoBuckles can be permanently mounted with one bolt on a trailer, toy hauler, cargo rack, lift, truck, ladder rack and in various other applications.

- Permanent one-bolt installation
- Six-foot reach, self-retracting web
- Anti-corrosive construction
- Dual safety lock security
- Seat belt quality, polyester web
- Interactive display package
- Optional adapters available to enable mobility

For added versatility and convenience, the 1” Mini with Dual S-Hooks offers an attached vinyl-coated S-hook with keeper to provide an easy hook-up for any non-permanent mounting.

Innovation At It’s Best

At CargoBuckle®, we are continually striving to design products for your safety and convenience. The Flush Mount System is no exception with the ever popular CargoBuckle Retractable Ratchet Tie-down conveniently tucked away in a durable, corrosion-resistant housing, to be instantly ready when you need it, and neatly concealed when you don’t!

Let your customers experience CargoBuckle quality for themselves with our attractive, space-saving display.

Valuable equipment is held securely with 7 feet of professional quality web and a strong double J-hook. Systems are available to accommodate square racks and virtually all sizes of round racks. Each system includes a Retractable Ratcheting Tie-Down, a ladder rack adapter and mounting hardware.

The Round Ladder Rack System includes spacers to accommodate 1¼” and 1½” tubes.

RodBuckle®

Designed by fishermen for fishermen, the RodBuckle Retractable Rod Hold-Down System is the most attractive and functional rod hold-down on the market for deck style fishing boats. The self-retracting strap extends a full 24 inches and securely locks into position on the deck. The PVC extrusion coated polyester strap grips rods and resists hook penetration. When not in use, it neatly retracts out of the way. Easy installation with mounting template included.

RodBunk is the perfect solution for carrying rods in your SUV, truck or mini-van. Holds up to 7 rod and reel combinations either horizontally or vertically.

RodBunk Deluxe features an automotive grade snap-lock connector with built-in adjuster that makes hook-up and adjustment easy.

HLS Series
We’ve added two great new “PLUS” features to this line of hook and loop hold-down products. SUR-Grip release handle allows for a comfortable, secure hold. Rubber grommets provide maximum protection by keeping metal hardware away from valuable equipment.

The Vertical Rod Hold-Down features two foam molded rod inserts that hold up to 8 rods. Innovative design conceals all mounting hardware.

A One-of-a-Kind Test Facility

At CAPE®, our commercial vehicle testing capabilities are unsurpassed. Awarded the Crash Test Facility of the Year by Automotive Testing Technology International Magazine, CAPE is the premiere test house for the commercial truck, fire apparatus, school bus, military, and motor coach industries.

With CAPE’s one-of-a-kind crash test facility, you can count on quality, expertise, responsiveness, and precise results to best evaluate and validate your product’s performance. That’s what it means to be “CAPE Tested.”

Built Big to Test Big

CAPE built the biggest barrier block in the world to put some of the world’s biggest vehicles to the test. Our findings have led to significant advancements in safety for the commercial trucking industry and the men and women who drive it forward.

Our modern, state-of-the-art facility is also home to a 90-degree dynamic rollover impact machine which enables us to study occupant protection in a rollover.

Our findings led to IMMI’s development of RollTek, the first sideroll protection system for commercial vehicles.

At CAPE, we know safety doesn’t happen by accident. It happens when it’s CAPE Tested.
Our Mission
By God’s grace, maintain a dynamic, growing business with a Christian impact...by developing and marketing quality products and providing services which enrich and protect the lives of those who use them throughout the world.
